

# PROCUREMENT SOLUTIONS:

FIRE & EMERGENCY SERVICES TAILORED LOGISTICS SUPPORT (FES TLS) CONTRACT WALKTHROUGH

The FES TLS Contract, administered by DLA Troop Support Philadelphia, provides authorized Department of Defense, Federal Gov't and other approved Federally-funded agency customers, both CONUS and OCONUS, with a fast, simple procurement option for the fire and emergency services equipment and services needed to complete their missions. It supports Emergency Response Operations through structural fire fighting, hazardous material response, wild land gear, aircraft/crash rescue or emergency medical services throughout the world.

## FES TLS CONTRACT ADVANTAGES:

- Reduced cost
- Fair and reasonable pricing justification
- Ease of requisitioning through MILSTRIP & MIPR
- Improved logistics response time & increased customer support while maintaining readiness and sustainment
- Streamline procurement vehicle that organizations can use to efficiently acquire Fire and Emergency Services equipment
- Shortened acquisition time
- Broad scope of items and product availability with a wide variety of high-demand items
- All items fully comply with the Berry Amendment, Free Trade Agreement and Buy American Act
